Displaying Phoca Gallery images in articles with help of Phoca Gallery plugin:
- Install [Phoca Gallery component](#)
- Install [Phoca Gallery content plugin](#) and enable it in Plugin manager.

So if you have installed the component and plugin, then simply take the gallery (album) ID and use a simple code to insert it into the article.

phocagallery view=category-masonry|id=13

At the beginning and at the end you need to add compound brackets.

You can install [Phoca Gallery Button plugin](#) to add content plugin code with help of editor menu.

The result is as follows:
